

# NEWSLETTER MUSIC FOR ALL

*Bella In , Media Team*

## Introduction

Our first meeting was on Sunday, March 16th. We first got to know each other before we officially started the meeting. We are all in different teams depending on our role. There is the leadership team, event/fundraising team, media team, and the performance team.

## Volunteering

In order to volunteer, you must sign in to the website and change your name to your real name. You must fill out both the consent and volunteer form. They will both be on the website. Please fill out the consent form before official events begin.

## Meetings

We will have monthly meetings and in every meeting, you will fill out an attendance form. This is to keep track of who came to meetings and how long people came for volunteer hours.

## Contact

We will be using messages to communicate with one another. Groupchats will be made according to teams.

## Website

One suggestion was to make the website compatible for all devices. Another suggestion we got was to delete the unclaimed roles and add them in as they are claimed by newcomers.

## Fundraising

For the spring fundraiser we will have photos taken by our photographers. We will also ask for permission to have a concession stand where the solo ensemble is taking place. We will buy pizza and sell them individually with a price that profits.

## Events/meetings

For upcoming events and meetings, not everyone will have to attend depending on their team/role they have. We will look for opportunities for piano accompaniment in schools or events. We will have cello and piano recitals in June. It's also possible that we will have meetings on zoom.

I'll be looking forward to our next meeting!
